

St Pius X School
2016
Annual Plan

2016 ANNUAL PLAN

Mission and Religious Education

Goal

Align the Religious Education curriculum with the Mission of the Church.

Strategies

- Develop a whole school RE program
- Finalise RE Validation in October 2016

Goal

Deepen the spirituality of students, staff and parents.

Strategies

- Enhance staff spirituality and deepen their understanding of the Catholic ethos
- Enhance the spiritual development of the students

Learning & Teaching

Goal

Implement the curriculum in a meaningful manner for all stake holders in the school community.

Strategies

- Develop and implement Induction processes and professional development for graduate and early career teachers
- Enhance and develop staff understanding and implementation of the BCE effective and expected practices.
- Develop an understanding of the Context/Text model of pedagogy that underpins the English curriculum
- Improve student outcomes in Numeracy through developing staff understanding of the Big Ideas in Number

Goal

Enhance and inform pedagogical practice, with a particular focus on ICLT (Information Communication Learning Technologies).

Strategies

- To continue to fully implement all elements of Visible Learning.
- Enhance the use of digital technologies and ICLTs in the classroom

Professional Practice & Collaborative Relationships

Goal

Establish a co-ordinated approach to human wellbeing within the parish and school community.

Strategies

- Establish a whole school approach to behaviour management, and social competence

Goal

Advance the shared mission through more focused engagement of the school with the parish.

Strategies

- Enhance the relationship between School and Parish

Goal

To develop a supportive staff professional learning program to enhance professional practice.

Strategies

- Engage with education officers from BCEO to support the professional learning of staff throughout the year in particular learning areas
- Develop and embed a culture of transparency and professional sharing

Strategic Resourcing

Goal

Resource contemporary ICLT learning items in a sustainable and ethical manner.

Strategies

- Provide all classroom teachers with updated digital resources to enhance teaching and learning capabilities

Goal

Develop and apply a sustainability plan that incorporates water, energy, waste, health and wellbeing, greening and biodiversity and transport.

Strategies

- Improve the aesthetics of the physical environment of the school
- Improve and enhance the aesthetics of the classrooms
- Develop a 5 year Master plan for the school
